Suggested Retail Price Agreement

Dear Merchants,

Thank you for your inquiry to purchase Morenci Candles wholesale. Enclosed you will find a Texas Resale Certificate, non compete sales area agreement, suggested price agreement and a price and fragrance list. Before you place an order with Morenci Candles Inc. , the Texas State Comptroller requires that we have a copy of your **State's Sales and Use Tax Permit number and a signed resale certificate** returned to us to remain on file with our company so you may purchase wholesale from us.

The suggested Retail Price for our 26 oz. Oval candle is \$22.95 or more and the suggested Retail Price for our 12 round spool candle is \$13.95 or more. We realize in some small rural communities these prices are not economically feasible, and so we ask that the Morenci Oval Candle not be sold for less than \$17.00 and the round spool candle for not less than \$11.00. Please sign below in agreement with our requests and suggestions and return with your tax number information.
